

## Addendum A:

### Winter 2020-2021 OPERATIONS – COVID19 Compliance

Rim Nordic Ski Area, Inc. will follow all current mandates by county & state level governments as required by our permit with the US Forest Service.

1. Only 1 person (or family) in the shop at a time to sign release & pay for a trail pass and/or rent equipment. If they can be reached prior to coming in....will do business at their cars.
2. Will encourage parking away from each other & our employees will assist.
3. Restrooms have hand wipes in baggies for each person to use for the toilet seat & their hands, as well as additional hand sanitizer & wipes in the office if needed. Will check restrooms & wipe down during the day often. Free standing hand wash stations will be outside the restrooms for additional washing options.
4. Signage in base area will remind them to social distance on the trails...Our trails are two way with tracks set 8 feet apart, direction one way only.
5. NO gathering in the base area after skiing or snowshoeing. Go immediately to their own cars.
6. The shop only open for returning of rentals or repairs if needed during their visit.
7. Retail sales will be limited to one person or one family in the shop at a time.
8. Face coverings will be worn by all employees & all customers when not skiing.
9. Will continue to daily monitor the San Bernardino Covid19 website, County regular website & state Covid.ca.gov website for updates & changes, allowing us to notify the US Forest Service when new updates to our operation have changed according to those posted.

Lesson information will be updated later in the season.....most likely only one family at a time.
